

TO TEST GAMBLING CASE

Firm of Patty & May Arrested for Use of Slot Machines and Placed Under Bonds to be Tried January 29.

TWO COUNTS IN CHARGE

The firm of Patty & May, proprietors of the K. C. saloon, have been arrested and placed under bond for running slot machines in violation of the gambling act. A bond of \$200 under count of lottery and \$500 gambling has been given. The intention of Patty & May is to test the application of the gambling act passed by the last legislature to determine whether slot machines are included or covered by the bill, which they have been advised by their attorney does not apply. The result will be watched with great interest by proprietors of machines as well as by those who are opposed to gambling of every kind and character. The question is not what the judges of the various districts in New Mexico will do, but what is the law on the subject. It is a well known fact that the judiciary of the territory is bitterly opposed to gambling, but it will be their duty to treat the matter strictly from a standpoint of law, and if it is held that the act does not apply it will be up to the next convening legislature to settle a matter overlooked in the original bill.
